

# Pennsylvania Chapter

American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN®

## COVID-19 Update and Resources 11/20- 12/03

The Pennsylvania Supreme Court will readdress the matter of masking in schools & daycare settings on Dec. 8.

The PA AAP hopes the PA Supreme Court will vote to sustain the mandate and has signed onto an amicus brief, asserting the efficacy of masks in preventing viral transmission. Real-time updates on the state of the mandate will be posted to the Chapter's social media channels.

## PA & Federal Updates

- There were 97,072 new cases in Pennsylvania since our last update on 11/19 bringing the total case count to 1,763,796 (includes confirmed and probable cases) in all 67 counties in PA. Statewide percent positivity for the week of Nov. 19 - 25 stood at 12.1%--an increase from 10.3%, recorded Nov. 5 - 11. View a breakdown of cases by region, county, gender, ethnicity, etc. [here](#).
- "Everyone ages 18 and older should get a [COVID-19] booster shot," [says CDC officials](#) as Pfizer, supercharged by the Omicron variant, seeks FDA approval to allow 16- and 17-year-olds to receive booster shots. Read more [here](#).
- As predicted, the Omicron variant has [surfaced in the U.S.](#) The efficacy of the vaccine in preventing the spread of and illness from Omicron remains to be seen. Learn more [here](#).
- The PA AAP and PAIC adapted our [parent guide](#) on the COVID-19 vaccine for children 5-11 y/o for Spanish-speaking parents, see [here](#).
- The White House will launch initiatives to assist in vaccinating more children against COVID-19, including dedicating federal funding to vaccine counseling for children from low-income families. Learn more [here](#).
- Until last week, the number of adults reportedly vaccinated against COVID-19 in Pennsylvania was incorrect--an overshoot of the actual total. Current reports reflect an accurate count. Read more [here](#).
- The FDA advisory panel "narrowly endorses Merck's oral COVID treatment pill." Learn more [here](#).

## Updates from AAP & Other Guidance

- Visit the COVID-19 [web page on AAP.org](https://www.aap.org) to find updated resources that address clinical guidance, practice management resources, including tele-health and coding, educational resources for clinicians and families, data reports, a discussion board, details on AAP advocacy efforts, and more. For questions or comments related to the pandemic, email [COVID-19@aap.org](mailto:COVID-19@aap.org).
- As of November 25, more than 6.9 million children have tested positive for COVID-19 since the onset of the pandemic, representing 17% of all cases in states reporting cases by age. Last week, over 132,000 new child COVID-19 cases were reported, accounting for 24.6% of reported weekly cases. [Read the latest report](#).
