Greetings

The Breastfeeding Education Support & Training Program (**BEST**) is currently scheduling presentations for 2022

This Free CME/CEU Program Helps Practices:

- **Recognize misconceptions that create barriers to breastfeeding**
- **Develop office, hospital, and workplace policies to support breastfeeding**
- **Provide guidance to support mothers to successfully breastfeed**
- **Assist women with breastfeeding problems and help them utilize community resources.**

The EPIC-BEST team is comprised of pediatricians, obstetricians, family medicine physicians and International Board-Certified Lactation Consultants (IBCLC). A physician and an IBCLC will come to you or present virtually.

EPIC-BEST presentations can be scheduled on-site or virtually for practices, Grand Rounds, monthly meetings, and staff meetings.

If interested in hosting a BEST Presentation, please complete the attached "Hosting a BEST Presentation" form and return to Kaiden Levy at klevy@paaap.org or send a fax to 484-446-3255

Sincerely

A handwritten signature in cursive script that reads "Dottie Schell".

Dottie Schell, BS, RN, CLC

Breastfeeding Programs Director
